

Post 90x90

Name	Post 90x90
Directory name	Ecoplank Post 90x90
Material	98% recycled polyolefins (LDPE/HDPE/PP), 2% additives
Width	90 mm
Thickness	90 mm
Lenght	available between 100-3870 mm
Color	Black, gray, brown, other colors on requests - Some shade differences may occur as this is a feature of all materials from recycled materials.
Dimensional tolerance	plus/minus 2%
Treatment	Standard tools from the woodworking industry
Density	0.98 kg/dm ³
Elastic modulus	650 MPa
Flexural modulus	520 MPa
Linear expansion coeficient thermal	0.1 mm/m/°C
Impact resistance	30kJ/m ²
Immunity features	Water resistance, oil resistance, resistance to light solvents, 100% recyclable
